Welcome to Alphington Lodge

“Quality care with a family feel”

Alphington Lodge was founded on the principle that we treat residents as we’d want our own mother or father to be treated.

On joining Alphington Lodge, you’ll enjoy a happy home-from-home where you feel safe, cared for and supported to do what makes you happy - with professional, caring staff, a grand home and a beautiful room.

We are a welcoming, friendly and kind-hearted home. Often our staff will have a laugh and a joke with our residents and all our staff take pride in getting to know our residents and their family members well. As a smaller home, we nurture an atmosphere where you can make new friends and enjoy the pleasures in life.

“After caring for dad in his old age, I want my care homes to be the kind of place I’d happily have had him stay. This guides every decision we make at Alphington Lodge”

Paul Nery, Managing Director

Even more important to us is making sure that you never feel lonely or bored again and can enjoy a wealth of new experiences. With varied, twice daily activities, special taster menus to sample dishes from around the world and opportunities to discover new goals and passions – there’s always something going on at Alphington Lodge.

When some of our residents join, they may feel a bit shy or not like they once did. You may have lost independence due to a fall? Or maybe a medical ailment? There are so many things that can 'knock you off balance', but we pride ourselves on really getting to know you and what matters to you. The manager and your key worker will work with you, your family and other professionals to meet any goals you may have. Whether it’s about feeling safe and independent, getting aspects of your mobility back, or improving the social aspect of your life - all of our residents are important to us and

we want to help you to live the life you want, in the way you want. Whatever your goal we will be there for you.

We hope to see you join us at Alphington Lodge,

P. Nery

Paul Nery

Managing Director, Rose Care Group

Our CQC report

Overall Good	Caring	Good ●
	Effective	Good ●
	Responsive	Good ●
	Safe	Good ●
	Well-led	Good ●

In March 2019, we were inspected and rated **Good** by the CQC both overall and in every area of assessment.

We are very proud of what they had to say about the home overall and especially our staff and the affection we show to all our residents

What do residents and their families think¹?

Susan H

Daughter of a resident

5.0
out of 5

"I can't fault it in any way"

Sue C

Daughter of a resident

4.9
out of 5

"...The staff are all amazing, taking care of [mum] and her welfare. They tidy and clean her room when she has 'trashed' it. They phone and invite the doctor to see her regularly.

Their care is exceptional and it is reassuring to know that Mum is safe and extremely well looked after... Thank you!"

Margaret C

Resident at Alphington Lodge

4.9
out of 5

"Anything I ask I get, I'm treated with dignity...The staff are very good, I don't have to put the bell on as they are always here for me. My room is beautiful and I love it, it's large and I've made it home. I'm picky with my food but they give me different things so I get what I want... it's lovely"

Peter A

Resident at Alphington Lodge

5.0
out of 5

"I'm happy. Most people don't want to end their days in a care home, but as I said to my daughter last week, I couldn't want for more here."

What do we offer?

A manager and staff who care for you like family

Our training and the values we imbue into our staff is something very unique to Alphington Lodge and regularly praised by the Care Quality Commission and all visitors to Alphington Lodge.

"They spoil mum. On her birthday a staff member asked her what she wanted. She asked for a cheeseburger... and the staff member came in on her day off with a cheeseburger. [Mum] really enjoyed it"

- Resident Relative

You'll find all our staff are professional, attentive, passionate and very kind; And while we treat care as our professional duty – we encourage a unique sense of family, fun and banter between our staff and residents.

We invest heavily in in-house and external training – with programmes based on the Social Care Institute of Excellence.

Close relationships are important and that's why every resident has a Key Care Assistant assigned to them (and never more than 4 residents per Care Assistant). This means that every week they can have a proper catch-up with you and make sure your every need is being met.

This is also why, unlike other homes, there's no staff room and why we encourage our staff to join in on activities. We want our Care Assistants to mix at all times.

Our managers too are key to the service and they meet with every resident weekly and do at least one shift on the care floor every week to make sure they stay close to the care.

A Partnership with Family and Friends

Many family members worry about their loved one moving into a home because they feel they won't see them as much or be as involved in their lives.

We are here to help with that anxiety. We see care as being a partnership between you, the Home and Family, so we make every effort to involve your Family as part of

a three-way process in your care.

Your family members are given plenty of opportunities to take part your care and are always welcome. They of course are always welcome to drop by whenever, receive regular updates with staff and management and even attend private appointments with our staff regarding your care. Either a phone in your room or access to the home's

phone is available and we can organise video calls and regular get-togethers too. Our aim is to make sure you never feel out of touch.

A vibrant place to be, with a range of activities

Although many residents who join us are initially shy, they quickly rise to discover a renewed energy.

We achieve this by not just ensuring a vibrant atmosphere, but training our care staff in how to support our residents to join in.

We consider activities not just the business of our Activities Coordinator. Our Care Assistants also spend valuable one-to-one time with residents – playing games, joining on outings or just having a chat.

We invest heavily to ensure the days fly by and make sure you're never lonely. We do this through regular activities, partnerships with local societies and our residents' own social clubs.

Scheduled activities are held twice a day such as visits from the local pre-school, music afternoons, bingo, quizzes, animal therapy, light exercise sessions and live music entertainment. We also organise special outings to cafés, shops and restaurants around the area.

We maintain strong links with the local community and our residents are often invited to charity and local church events.

There is a vibrant resident-run social community in Alphington Lodge too, with a range of activities that vary based on who is living at the home. We actively encourage everyone's contributions and have a knitting club and puzzles club at the home.

Living with purpose

While some of our residents join and just want a place where they can be safe and enjoy the amenities, many benefit from our Living with Purpose scheme.

Through this, we organise fundraising events for charities or local concerns and support our residents to contribute to the things that matter to them.

A traditional menu with new experiences

“I loved the lamb samosas on Tasty Tuesday last week. It’s not something I’d usually go for and I’ve never had them before now. I always look forward to new experiences on Tuesdays and Fridays”

Alphington Lodge Resident

Food is one of life’s pleasures.

As such, our menus include a combination of traditional and non-traditional dishes designed to satisfy all tastes, home-cooked with nutritious ingredients that are delivered twice each week.

If you like a tippie, red and white wine is available to pair with your meal

“...if there’s something you’ve always wanted to try, just ask...”

We have also developed Tasty Tuesdays and Fun Fridays, where residents can sample dishes from around the world that they may not have otherwise tried, such as mini-Mexican tacos, Indian Lamb Samosas or Chinese Crispy Won Tons.

We provide these as sample dishes rather than main meals and often find our residents discover new foods they never knew they liked. The most popular ones find their way onto our main menu

If there’s something you’ve always wanted to try, just ask!

An exquisite, luxury setting

Where our loved ones live is just as important as what they do in the home. Alphington Lodge is a beautiful, Grade II listed building, set within almost an acre of land with beautiful landscaped gardens. Recently refurbished and lovingly restored to honour its Georgian roots, our rooms are decorated to provide a comfortable place to live, with a grandeur and design that pays homage to the old English gentry that lived in the building centuries ago

"I call this home the 'happy home' because you couldn't improve on anything... I have been here a while and really enjoy it. We have nice people in my 'happy home'"

Alphington Lodge Resident

Our unique care approach in action

As a Residential Care specialist, we place a heavy focus on, and are adept at, supporting our residents to remain independent and achieve their goals.

No one has exactly the same goals for themselves – maybe it's about just enjoying doing crosswords again or it's about rebuilding your mobility or the social aspects of life. Sometimes the process can only take a few weeks, sometimes it takes longer, but no matter what, we are always by your side, helping you achieve whatever your personal goals are.

Below is an example of the excellent care we provide that we feel makes us stand out from the rest

An example of the special care we provide to encourage residents to join in

[Jane], had lived the last few years at another care home, being socially isolated, spending her days alone. Her son and daughter had tried very hard in the past, but mum always insisted on staying in her room.

So, when she moved into Alphington Lodge, we worked with her family and [Jane] herself. We started slowly building her confidence - with our Care Assistants sitting in with her once per week, then more frequently at meal-times in her room.

Each time, the Care Assistant would keep asking for her to come to the dining room instead of eating in her room, and they never gave up on encouragement.

After a couple of weeks, she slowly came out for lunch with a Care Assistant and then eventually she even joined for supper.

Through our dedicated care, she changed and became an active part of our home community, joining our knitting club, daily activities and making new friends. "Don't forget to get me for lunch, I'm really looking forward to it!" she would say.

Joining us at Alphington Lodge

We offer three ways for you to join us:

- ❖ Permanent placements
- ❖ Day care services / short-visits
- ❖ Respite care

Permanent placements are the main service we offer. We always suggest that new residents join us on a one month trial period before taking permanent residency, to ensure the home is right for you. During the trial period, if things aren't working out (though we hope they will), you can terminate the contract with just a week's notice.

Day care and short visits are available, space permitting. This is often preferred by those looking to get to know the home or if they just would like to do something different. **Day care residents** have access to the standard daytime services provided by the home (such as daily activities, meals, outings, washing facilities, assisted bathing and other personal care services), though they do not stay overnight.

Respite care is also available if there is an empty room. Respite care is a form of care, equivalent to that received by 'Permanent Residents', though where the resident is expected to only stay for a short duration.

Contact us

Alphington Lodge is registered with the Care Quality Commission to provide care for adults over the age of 65 in the regulated activity of: *Care Home Services (without nursing)*

The details of our registered manager and registered care provider are below. **For queries about the home, please contact the Manager:**

Home Manager - Registered Manager ID: N/A

Kelly Jones

Kelly is the Home Manager. She has worked in up through the ranks of Alphington Lodge, as a Senior Carer, Deputy Manager and then as Home Manager. She is responsible for the daily management of the home and oversees the provision of care services to residents, staffing and other operational activities.

Address: Alphington Lodge, 1 St. Michael's Close, Exeter, EX2 8XH

Email: info@AlphingtonLodge.co.uk

Tel: 01392 216 352

The Registered Care Provider – TN Care Ltd, Provider ID: 1-3997917981:

Paul Nery

Paul Nery is the proprietor of Alphington Lodge and the other homes in Rose Care Group. He carries a Masters degree from the University of Cambridge in Management and Computer Science and has run or advised in the running of multiple international businesses. He decided to make the transition to Residential Care after caring for his father in his later years.

EXTRA INFORMATION

When you move in: Helping our new residents to feel special, settle and mingle

For us, joining us isn't just about receiving care, it's about joining a small and special family. We make all our residents feel special – because you are special.

When you move in, you'll be welcomed with flowers and a welcome card in your room.

After a meeting with the manager and the Senior Care Assistant, you'll then be introduced to your chaperone for the day – a named Carer who will take care of you for all your needs until you settle in well – be it for meal times, activities or anything else.

When you first join, we buddy you up with other selected residents who have similar interests and to join in on everything happening in the home and hopefully form new friendships

We also offer a special laundry tagging service to stop those pesky incidents of laundry going missing that happens in other services. Because the last thing you want to worry about is running out of tops in your first week!

All communal space benefits from CCTV to ensure the safety of residents

Once you're settled: A day in our lives

No two days are ever the same, but here might be a typical day for one of our residents

8.00 Wake up

8.15 A carer helps the resident to get washed and dressed ready for the day

- 8.40** The Kitchen Porter arrives with breakfast, juice and tea and their morning paper
- 10.15** Carer invites the resident to the lounge for morning activities
- 10.35** The Kitchen Porter serves tea and biscuits in the lounge while the resident enjoys the morning activity such as a game of morning quiz and armchair bowls
- 12.00** Lunch time and something special from the Taster-menu *
- 2.00** A brief nap before the afternoon events
- 2.30** Free time where residents can enjoy the Knitting club or supporting a fundraising event
- 3.15** A stroll in the secret garden or trip to the shops
- 3.30** Our afternoon activity such as outside musical entertainment and sing-a-long of songs from the 50s and 60s
- Teas, biscuits and home-made cake served in the lounge
- 5.00** Supper and catch-up with friends
- 6.30** Watching some evening TV or reading in the lounge
- Bed** Resident goes to sleep

(*) On Tuesdays and Fridays
